

Meant to Create

Art and design come out of what we see and experience. Living abroad with my military family, seeing many nations, expanded my view of life and art. I see that to create something can, and hopefully should of essence, be more than color and pictures but meant to impact the physical, emotional and spiritual world around us.

My design work has brought in millions of dollars at times and has also gone to small businesses as well. I've worked alone and with large groups to imagine and create. I've orchestrated photo shoots; along with scout locations and individuals to photograph.

I try to do my best with my work and ensure it meets the clients needs. Every day I try to learn something new to further myself and my work.

Another week of Church in the Cow Barn?

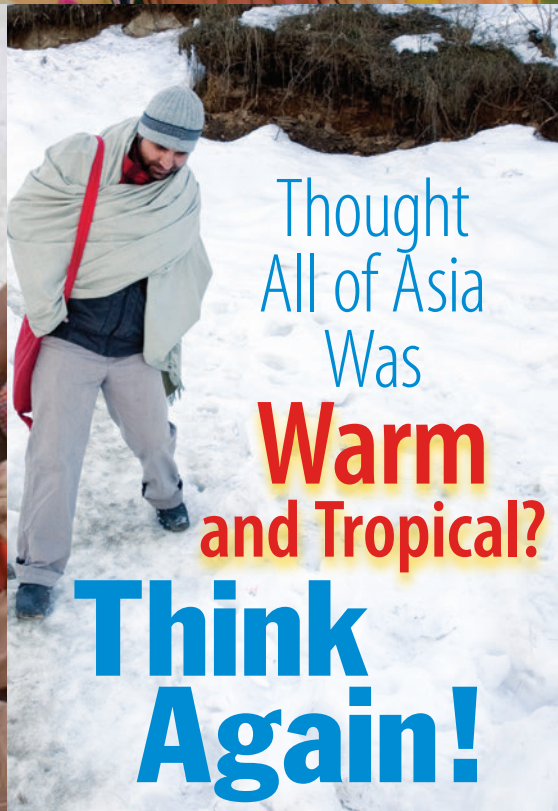

More and more people were coming to Pastor Nilay's "church"—only, they didn't have a building. The Christians searched for somewhere to meet, even resorting to an old cow barn. Something had to change.

Neighbors Mock the Homeless Congregation
Other villagers made fun of the congregation that had nowhere to call home. They saw the Christian God, without a place for worship, as inferior. Was this Christ not worthy of a home?

WHAT'S THE Christmas Story?

1000x TALLER than Mt. Everest

In the United States, if you were to stack every Bible it would reach 1,000 times taller than Mount Everest. Yet in South Asia, many have never laid their eyes on the Word of God.

For just \$1 a day for a month you could give 10 families the chance to read the Christmas story and to learn about Jesus. What better gift could there be?

Give the gift of Scripture today: gfa.org/bibles

What is 1000 times **TALLER** than Mount Everest?

No Celebration for Them

Imagine living life as if December 25 was just another day on the calendar. What if Christmas held no meaning? For millions of people in South Asia this is a reality. They know nothing of the Savior's birth, or the cross or the Gospel. They don't even know what a Bible is. Isn't it time they heard the truth?

BIBLES ARE ESSENTIAL

It is a frustrating scenario: A man hears the Gospel message from a tract and decides to put his faith in Jesus Christ. But what's next? Hopefully, a church is nearby to help disciple him. But what if he's on his own? He will have

no way to grow spiritually or mature in his faith. All the joy and peace he should be experiencing through Scripture will be missing from his life. A Bible isn't just important, it's essential. Imagine a missionary without one, or a pastor or even you. This year, bring the untaught of South Asia a gift that is sharper than any two-edged sword, which cuts through bone and marrow; this year, bring them life.

A Bible costs only \$3. Give them the Word of Life: gfa.org/bibles

My Christmas Gift to Provide Bibles

How can you help a widow in Asia?

ONE STITCH AT A TIME.

Struggling Parent's Opportunity for Income

A sewing machine will generate enough income that a struggling parent can take care of their family. Whether the recipient is an abandoned wife, a widow or a father who can't get another job, they will be so grateful to provide for their children to go to school and have enough to eat.

She can be a better mother because she will:

- Work at home and have more time with her children
- Avoid dangers of labor intensive jobs

For \$85, help a parent by giving a sewing machine.

- Provide income that doesn't demand harsh physical labor
- Allow her to care for her children the way she longs to
- Tell her "Jesus loves you" in a tangible way

Donate a sewing machine today: gfa.org/sew

A Long-Lasting Business in One Sturdy Machine

A sewing machine is an instant home business. The well-built machine requires little setup or maintenance and is ready to go as soon as someone brings their fabric to be stitched.

When a GFA-supported pastor delivers the sewing machine, he will share about Christ's love.
